

# Morrill County

Each Nebraska county with sufficient data is represented by a dot, placed on a continuum from least health to healthiest in the nation.

The color of each dot represents data-informed groupings of counties nationwide with similar **Population Health and Well-being** or **Community Conditions** on the continuum.

**Population Health and Well-being:** Morrill County is faring about the same as the average county in Nebraska and better than the average county in the nation.

**Community Conditions:** Morrill County is faring slightly better than the average county in Nebraska and better than the average county in the nation.

Population: 4,504	2025	Low NE 2025	High NE 2025	NE 2025	U.S. 2025
<b>Population Health and Well-being</b>					
Length of Life					
Premature death (years of potential life lost, per 100,000) <sup>(1)</sup>	11072	4802	27000	7100	8400
Quality of Life					
Average # of poor physical health days (adults)	3.9	3.2	4.9	3.4	3.9
